d) Reserve for Bad Debt

No bad debt expense was provided in the current year since all receivables were considered collectible.

e) Income Taxes

The provision for income tax represents federal, state and city income taxes due applicable to financial accounting income. Deferred income tax provisions result from timing differences for the recognition of certain revenues and expenses between tax and financial statement accounting purposes.

f) Cash and Cash Equivalents

### Note 3 - Related Party Transactions

### Note 10 - Financial Instruments With Off-Balance Sheet Credit Risk

As a securities broker, the Company is engaged in introducing transactions for clearance to another broker/dealer on a fully disclosed basis. The Company's exposure to credit risk associated with non-performance of customers fulfilling their contractual obligations pursuant to securities transactions can be directly impacted by the volatile trading markets which may impair the customers' ability to satisfy their obligations to the Firm's clearing broker and their ability to liquidate the collateral at an amount equal to the original contracted amount.

### Note 11 - Commitments and Contingencies
